Foreword

All too soon that short span of four years in high school is completed, and with each advancing year some of us leave the **alma mater** to go out to take our places in the realm of life. It is with this in mind that we, the staff, present to you the 1940 Crescent. In its tinted pages you will find light and dark shades that spell a word or make an image. They will give you a pictorial and written review of each of the more important events of our high school life.

By always keeping this book near us, the memories of our school days need never grow dim, for we may again encounter our acquaintances of youth by turning the pages of our 1940 Crescent.

The Goddess, Minerva

It is said that Jupiter one day suffered from a severe headache which no remedy alleviated until he bade Vulcan cleave his head open with an axe, whence sprang Minerva, full grown, attired in glittering armor, flourishing a spear, and intoning a triumphant song of victory.

The goddess presided over peace, defensive warfare, and needlework. She routed the obscure deity called Dullness, who ruled the world at that time.

Minerva was the goddess of the lightning and thundercloud, which was symbolized by her breastplate of goatskin, the Aegis, whereon was fastened the head of the Medusa, the Gorgon which turned to stone those who looked upon it.

The Latin name **Minerva** is akin to the Sanskrit, Greek, and Latin words for **mind**. Not only was she the goddess of wisdom, but also of skill, of study, of spinning and weaving, of horticulture and agriculture. She protected cities and people sacrificed oxen and cows to her. She created the olive tree which was sacred to her, as were also the cock, the crow, the owl, and the serpent.

No more fitting symbol could be chosen for the theme of this annual than Minerva, the goddess of wisdom, to whom has been attributed the name of the town and the high school. As one leafs through the pages of this 1940 Crescent, one will see the goddess, Minerva, viewing the various activities of the school. As her name is derived from words meaning mind, so does this book take its origin from mind, for it is a result of painstaking effort, meticulous skill, and profound contemplation, all of which are attributes of Minerva.

This volume is a perpetual memento of the wisdom gained in its many ramifications by those who have attended the Minerva High School for four fruitful years.

Lastly, it is significant that the goddess who presided over defensive warfare and peace should be chosen for the theme of the CRESCENT, a book published while defenseless countries are in supreme need of protection. It is the earnest prayer of every Christian in the world that by the time of the publication of this annual the wisdom which this pagan goddess typifies plus the love for our fellowmen which the great Teacher Himself lived and preached will have brought an end to the human sacrifice which is being perpetrated today.

MISS MARJORIE PATTERSON

Dedication

In appreciation of her friendly interest, her willing cooperation in many activities, and constant helpfulness, we, the Class of 1940, dedicate this issue of the Crescent to our adviser.

Alma Mater

A handwritten musical score for the song 'The Rose Tree'. The score is written on five systems of two staves each. The first staff of each system is in treble clef with a key signature of one flat (B-flat) and a 4/4 time signature. The second staff is in bass clef. The music is written in a cursive, handwritten style. The first system begins with a treble clef, a key signature of one flat, and a 4/4 time signature. The melody is written in the treble staff, and the accompaniment is in the bass staff. The second system continues the melody and accompaniment. The third system also continues the melody and accompaniment. The fourth system continues the melody and accompaniment. The fifth system concludes the piece with a double bar line. The handwriting is clear and legible.

GREETINGS TO THE CLASS OF 1940

The members of the Board of Education extend their warmest congratulations to the members of the graduating class. We believe your four year sojourn in the Minerva High School has been brought to a happy end.

In going forward into the world to cope with life's problems, we hope you will ever cherish your associations in Minerva. Hold ever before you the principles of the institution and look with respect upon the teachings of your Faculty.

It is with a certain degree of pride that your accomplishments can be justly rewarded with an educational background that will influence your future endeavors.

To those who made possible your securing such a worthy education, you are deeply indebted. Accept their challenge for leadership and in so doing make this a better world in which to live, and for those to come after you.

Be ever mindful that your Alma Mater should always be proud of your future happiness and success.

Minerva has done her duty when her graduates are prepared to enjoy life at its fullest. Day in and day out existence without a purpose is drudgery but when a definite goal is in sight and all efforts are cultivated toward that goal then living becomes worth while. The biggest task of the public schools is to guide pupils until they determine and define their destiny in life. The class of 1940 is proof of her devotion.

Faculty Poem

Four years have passed since we came here
To gain more knowledge and friendship dear;
Four years have passed so swift and fast,
And now we know this year's our last.

But when our way through life we tread,
We'll think of you and what you said,
Your thoughts so kind and guidance true
I'm sure will help to see us through.

As we glide along the stream of life
O'er rocks of temptation through valleys of strife,
The tests and trials we meet will tell
If we've practiced what you taught so well.

We're happy and sad that this year's our last;
The remainder is rushing on, oh, too fast.
The class of '40 extends to you
Its hand in thanks and to bid you, "Adieu."

SENIORS

And a milestone has been
reached.

And oh! how proud they are
Of all they have accomplished,
Their dignity and power

They've mastered high mathe-
matics

They've conquered botany
Their art in handling Virgil
Is a pleasing sight to see!

Their knowledge is completed
As far as they have gone,
To some, this signifies the end
While others travel on

They seem to us the greatest!
Whom we shall ne'er forget
But to a world of cultured men
They are but children yet!

JUNIORS

Be strong, oh faithful comrades!
Pause not for trivial fun
The journey's almost over
The battle almost won!

So far, you've proved you're
worthy
Of wisdom's fairest light
Don't give up now, just when
Your precious goal has
sight!

Be strong, and be among those
Who make the final test!
For only those who finish
What they start are truly blest!

Look at your comrades near you
Their happy voices ring!
Their eyes are filled with eager-
ness
At what the year will bring!

SOPHOMORES

Many times neglected
Yet always there to serve
Many times not given credit
You so well deserve

Although of true importance
Not cognized as such
Too often you are overlooked
When praise would mean so
much!

Not because of this, you need
Character that is true
One that's strong, yet gay and
bright
To guide you safely through

But just because you're "inbe-
ween"
Don't rush your schooldays on!
Enjoy your youthful comrade
ships,
Too soon, they'll all be gone!

FRESHMEN

Shy, yet carefree creatures
Uncertain what to do
The future of our school
Is being handed down to you

Upon this first important year
You must begin the base
Of wisdom's statue, and each
year
You'll carve a larger space

Still have your pleasures while
you're here
Don't give up all for fame
For, once your childhood slips
away
It will ne'er return again

Some day, you'll take the seniors
place
Still through these trying
months
Our sympathies are with you
We all were freshmen once

THE GODDESS MINERVA REVIEWS

THE CLASS OF '40

- 1936-37 One hundred fifty freshmen entered Minerva High School in the fall of 1936. Miss Marjorie Patterson was chosen class adviser. This group gathered for a gay, Freshman party on February 6, 1937.
- 1937-38 When the class of '40 reassembled as Sophomores, they soon began gaining recognition for themselves. Several members joined the ranks of the "Leons," and others were active in literary and debate. An evening of fun was spent aboard the S. S. Sophomore, pleasure launch.
- 1938-39 As Juniors, this class proved to be outstanding in both scholastic and social activities. The portrayal of "Shirt Sleeves" discovered definite dramatic talent among members of the class. One of the highlights of this social season was the dance sponsored by the Junior class, in honor of the football team. The colorful Merry-Go-Round Prom climaxed a brilliant year.
- 1939-40 Seniorhood. The class of '40, who such a short time ago entered Minerva High School as Freshmen, sees the end of their high school approaching. No effort was spared in making the last year the best. One of the outstanding events of this year was the Annual Holiday Dance featuring the orchestra of Harry Grunau. The Seniors were also hosts at the "Gobblers' Hop" and the "Gala Autumn Dance." A talented cast brought honor to the class by the presentation of "The Ghost Flies South." The class of '40 assumed the responsibility of publishing the Crescent. The year ended all too soon with an impressive Commencement service, in which ninety-six Seniors were awarded diplomas.

To The Next Crescent Editor

When your printer is howling for copy,
And your staff are all down with Flu,
The photographer cries, "Sun or no pictures,"
And the rain simply won't take the cue.

When nobody's paid his subscription,
And the engraver wants cash in advance,
When your contract reads "600 Dollars,"
And your Business Manager says, "Not a
chance."

When the seniors find Grinds are a nuisance
And decide not to write any more,
Our advice is—pray don't be down-hearted,
Just remember it's happened before.

So demand all your copy by March
And all your pictures by Fall,
And if you don't get them till June
Why, be thankful you got them at all.

JUNIOR HISTORY

If you are one of the many people who appreciates good books, you will not want to miss "School Ways," written from actual experience by the class of '41.

Here is a book that lets you in on the comedy, the fun, and the trials and tribulations found in high school life.

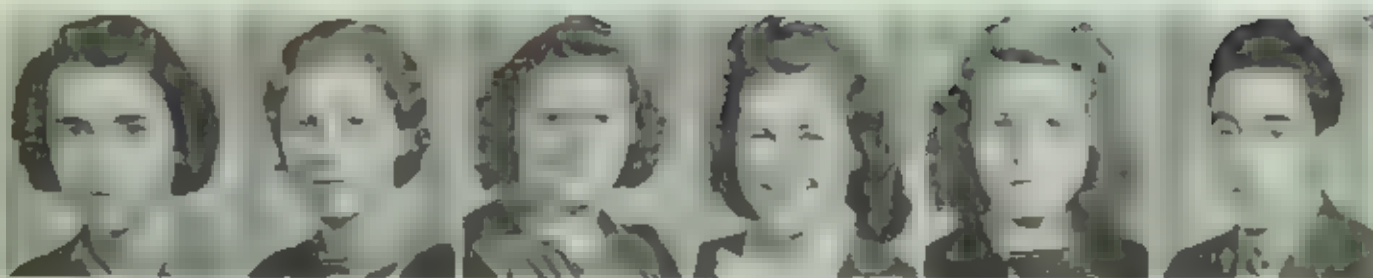

You can't help but be entertained as you become acquainted with the delightful personalities of the main characters. They are the humorous Mr. Paul Schofer, adviser of the "Freshies," the lovable Miss Dorothy Beckman, adviser of the Sophies," the jolly Mr. I. J. Miller, adviser of the Juniors, the sophisticated Robert Crouse, President of the Freshmen and Sophomores, and the dignified Francis Pariso, President of the Juniors.

There is fun and excitement for young and old alike, packed in the chapters describing the dance, the play, and the parties given by the class. When you read about the "Kid's Party" that was held in March, 1939, it will bring back memories of your childhood days, the play, "Second Fiddle," will hold you spellbound as it did the audience when it was presented December 6, 1939; you can practically hear the haunting refrains of the orchestra as you read of the dance sponsored by the Juniors March 15, 1940.

All books must have their villains and this one is no exception. They take the forms of algebra, chemistry, latin, and geometry; however, most of the characters are able to conquer them and they sink slowly out of the picture as the end of the book draws near.

The Junior-Senior Banquet is the grand climax of the book which is as you have guessed, a happy ending.

Once again we board the good ship, M. H. S. '42, for the second lap of our journey in search of knowledge. This year we are much wiser after having spent one year on our tour. We have as our leader for this trip, Miss Jeanne Lyle, Captain; Roger Barrick, First Mate; Nick Giunca, Second Mate; Betsy McMillan, Purser; Lee King, Logkeeper; and Jean Henry, Recorder.

As usual, our athletics again helped carry honors on the field of battle. Our assembly program, December 15, 1939, was well received by everyone.

Life, without parties would not be complete, so we frolicked aboard M. H. S. '42, January 20, 1940. Everyone agreed that it was the best deck party ever held.

With our great journey half finished we disbanded for a brief vacation after which we shall joyfully reassemble to continue together our quest for knowledge. At this stage of our life may we remember that

When the last great scorer comes
 To mark against your name
 He does not write you won or lost
 But how you played the game

One of the hopes for better schools in the future rests upon the members of the National Honor Society. Appeal to the sense of gratitude for educational benefits received, to the feeling of growth toward higher ideals, and to the hope of developing fruitful personalities, the National Honor Society endeavors to develop these feelings so that, as citizens and people of responsibility in later years, the elected members will exercise an influence that will uplift the secondary institutions of our land.

Starting in 1917 with the granting of Chapter Number One to Fifth Avenue High School in Pittsburgh, Pennsylvania, the National Honor Society has grown steadily, and today there are more than 2100 chapters in every State of the Union. There are also chapters in Puerto Rico, Hawaii and the Philippines.

National Honor Society

Scholastic Ambition

The National Honor Society should be the goal of every boy and girl in Minerva High School. It is known that there are certain definite restrictions placed on admission to the organization but this should only further increase one's ambition to attain his mark. High honors come at high prices and cannot be bought by scanty effort or false hopes. It has been said that the best things in life are free but this is only a half truth. The air we breathe and the earth we live on are common to all while hard work and determination are known only to a few. It is a simple law of nature that we cannot get more out of a machine than we put into it and if the efforts we put into our school subjects are small, then the results should not be disappointing. As we sow, so shall we reap.

Contrary to some opinions, membership in the National Honor Society is not based entirely on scholarship. The applicant must be in the upper fifteen percent of the Senior Class or the upper ten percent of the Junior Class. In addition, the candidate must be a good citizen and must be a participant in some other activity in school besides his studies. The present membership embraces class officers, club officers, club members, football and basketball players and all other departments of the high school.

The old adage again applies: if a person works diligently and succeeds in one field, he will likely be able to succeed in another if he chooses. Success in high school is highly predictive of success after graduation. Success after Commencement is likely indicative of good work back in school days.

Motto—To create, maintain, and extend throughout the school and community high standards of Christian character.

Platform—Clean living, clean speech, clean sportsmanship, and clean scholarship.

The Minerva Jr. Hi-Y was organized in September of 1938 under the direction of Mr. Paul D. Haas. The club was composed of nineteen members the first year and was increased to twenty-three when the club again resumed its activities in September of 1939.

The programs for our meetings have been based on vocational studies.

We have had four social functions during the past year. Our first, after the formal initiation, was a wiener roast at which old and new members became well acquainted. Second was a joint Junior Hi-Y and Girl Reserve party; third, a swimming party at the Canton Y M C A, and last was a theater party.

At the end of each year's activities the election of officers is held and at the annual Hi-Y banquet the new officers are installed.

SUMMARY OF THE HIGH SCHOOL CLUBS

At the present time there are ten clubs existing in Minerva High School. These include four different types; namely, vocational, athletic, scholastic and social. Representative of these types are the Future Farmers and Homemaking clubs whose chief interests are vocational; the Sportsmen's Club and G. A. A. which promote athletics; the National Honor Society and the Biology Club, whose aim it is to encourage high scholarship; the Friendship and Girl Reserve Clubs and Senior Hi-Y and Junior Hi-Y, which aid in the growth of its members morally and socially.

The oldest of these clubs is the Hi-Y, established in 1925, and the youngest is the Sportsmen's Club, founded in 1938, for boys who are interested in any form of sports.

Each club offers to its members an opportunity for educational, moral, and social advancement. Much of the pleasure of our High School life is derived from affiliation with these organizations, and they should hold a definite place in our schedule.

TRICOUNTY LEAGUE CHAMPIONS

Once again Minerva High School's football team reached the pinnacle of success and won the Tri-County League Championship. This was Minerva's third undisputed championship in the eight year duration of the league and a blazing precedent which most schools in the nation will find very hard to duplicate. Although at the beginning of the season the team was hardly considered for league championship, it developed into one of the strongest offensive units in the history of the school. Even though the boys were smaller physically than most of their opponents, they made up for their size by added fight and a display of "heads up" football.

As in every happening, the winning of the Tri-County League Championship had a basic or underlying cause, that being Coach Lester Emerson "Les," as he is known to the team, gave to the players a clean knowledge of the sport he cherished. Although "Les" has very little to say that which he says is meant to stand. It was basically through his unerring guidance that such a highly successful season was reached.

THE SEASON'S SUMMARY

The season opened under the lights of Mount Union Stadium with Alliance. Although the Crimson and Gray warriors put up a valiant struggle, they were outclassed by their larger opponents 18-0. Minerva then rebounding from their opening defeat, put on an offensive spurt to completely overwhelm Lisbon 39-0, for their first league triumph.

The next game turned out to be one of the "crucial" games of the year. Playing on a cold and rainy day which pitted Columbiana's great passing attack against Minerva's vaunted ground attack, the teams fought to a 7-7 tie. Columbiana passed to a score early in the game while Minerva plunged to a similar tally late in the game. Sebring was next and were humbled without much trouble 19-7. Then a slightly favored Carrollton eleven was "taken over the coals" to the tune of 40-14. Although Carrollton had quite a weight advantage, they couldn't stand up against the Minerva attack.

With the winner of the Minerva-East Palestine game having an excellent chance for the league championship, the battle was a "natural." But Minerva overpowered the "Bulldogs" 12-0, by scoring 12 touchdowns and a plunge. Having beaten hitherto unbeaten East Palestine, Minerva then was the victim of a "big game let down" and barely edged out North Canton 6-9. This game featured one of the greatest goal line stands in the school's history. Late in the fourth quarter Minerva stopped the seemingly unbeatable North Canton team on Minerva's two yard line. Showing better form than in the preceding game, Waynesburg was smothered 38-7.

The annual Minerva-Louisville game was played at Louisville this year. Louisville a team, an "on and off" team, and on this particular day they were "on." Minerva showing superior football power drove to a score in the first quarter, passed to another in the third quarter and drove to a final score in the final moments of the game to win 20-0. This put Minerva in a position where it needed only a win or a tie to become undisputed champions.

In the "crucial" game a big Boardman team showed spirit and power all during the game but in the second quarter uncocked a surprise pass to score a touchdown. All of Boardman's activities went to naught as Minerva triumphed 7-0. Thus Minerva became "THE CHAMPS."

 Third Row: Lester Emerson, Coach, Arthur Elliott, Robert Dillon, Ray Tarbell, Robert Mount, Bruce Levda, Leroy Miner, Richard Shearer, Gust Teiles, William Colter.
 Fourth Row: Gerald Grimes, Manager, Jack Waseman, Howard Marriner, D. Krister, Joseph Sporn, seller, Tony Mazzaferro, Roy Newshutz, George Logan, James A.

JACK WASEMAN—Junior Back

"Jack" was the key man on most weak side reverses. His absence was noticeable after he became ineligible at the age of 20 years. He has shown his wares for the last time and will be greatly missed.

TONY MAZZAFERRO—Senior Tackle

This was Tony's fourth and final year as a regular, yet truly his greatest. He was the cornerstone of Minerva's great line, a standout on offense as well as on defense. Tony used bull-like maneuvers in overpowering his opponents. He equaled the league record by being placed on the first team of the all Tri-County League team for his third consecutive year and was rightfully honored as captain of this eleven. His shoes will be hard to fill next year.

GEORGE LOGAN—Senior End

"Milt" was an excellent pass receiver as well as a good defensive player. He was easily the most conscientious player of the team and a great team player. He also has "clocked in" his suit for the last time.

ROY NEWSHUTZ—Senior Tackle

Roy, although hampered by injury, was always in the thick of the fray and was an important cog in the forward wall this year. Roy is a Senior and has finished his High School gloriously.

RICHARD SHEARER—Junior Halfback

"Dick" was not so speedy but very powerful when he carried the ball. He was a standout as defensive halfback, always hindering the opponent's plan of attack. Dick should become one of the best line plungers next year.

BRUCE LEYDA—Junior Guard

"Turk" was the running guard of the team and defensive center. He excels in both, but is at his best intercepting opponent's passes. "Turk" also received honorable mention on the mythical league team. We should expect "Turk" to play a lot of football next year.

LEROY MINER—Sophomore End

"Bogie" was the smallest member in the Minerva forward wall, yet he stood out almost alone as a defensive star. He was picked on the second all Tri-County eleven. Only a Sophomore, he will be heard from a great deal for the next two years.

HOWARD MARRINER—Senior Lineman

Although "Ancient" was on the squad for two years before he earned his letter, he could always be counted on to plug up his hole in the line. He will be missed next year.

GUST TELLES—Junior Quarterback

Gust was the speed merchant of the football field. His speed plus his extreme aggressiveness made him one of the hardest men in the league to bring down. Gust should ring the bell many times next year. This year he was honored by being placed on the first team of the All-Tri-County League.

JAMES MAZZAFERRO—Sophomore Tackle

'Jim' was well on his way to a very successful year when he unfortunately had his arm broken. His size and experience will be evaluated next year.

ARTHUR ELLIOTT—Junior Back

'Art,' although small, was very valuable as a passer and a safety man. He should come to his own pinnacle next year as a regular.

JOHN CLARK—Sophomore Back

John had very little experience to start the year but he increased in ability as the season progressed. He will be a great asset to next year's team.

WILLIAM COLTER—Junior Halfback

'Bill' played in the most inconspicuous place of the team, that of blocking back. Although he seldom carried the ball, yet a large part of this year's success belongs to 'Bill.' We'll be seeing him next year, plenty.

ROBERT MOUNT—Junior Center

'Bob,' big and rugged, fitted excellently into the position of center, due to his large hands and adaptability for football. A good pivot man and a strong defensive man, 'Bob' has an excellent opportunity to become the league's best center next year. He received honorable mention on the league's mythical eleven.

JOSEPH SPONSELLER—Senior Fullback

Joe was the leading scorer of the Tri-County League this year. Although he was the line plunger he handled the kicking duties of the team very splendidly, also backing up the line on defense. He rated the fullback position of the All-Tri-County League first team. Joe has "checked in" for the last time also.

DALE KEISTER—Senior Guard

'Chink' was as hard a fighter as this High School has produced in many a year and showed up often as the fifth backfield man on the opposing team. 'Chink' has earned two letters and this year was selected on the second team of the Tri-County League. 'Chink' is another senior who has "checked in" for the last time.

MINERVA and the LION

The name of the goddess Minerva, known to the Greeks as Athena or Athene, was derived from Sanskrit, Greek, and Latin word for **the mind**. An institution of learning is particularly fortunate in having for its protectress and guardian a goddess whose attribute is wisdom. Moreover, it is favored by her glances because she is also the goddess of skill, contemplation, spinning, weaving, needlework, horticulture, agriculture, and martial music.

During Minerva's reign in the minds of the ancient Greeks she influenced greatly the lives of many gods and demi-gods. One was Hercules, an earthly son of Jupiter, the king of gods. Upon two occasions the beautiful and wise goddess came to his assistance. Once when jealous Juno caused Hercules to become crazed, Minerva knocked him senseless with a stone, so that when he regained consciousness he might be rational again. The goddess helped him bring Cerberus from the lower world. This feat was the twelfth and last of a succession of desperate undertakings known as the twelve "Labors of Hercules."

The first of these "labors" was the fierce but successful combat with a lion that infested the valley Nemea. Hercules has been ordered to take the skin of the lion to the city of Mycenae. The beast's tawny skin, which the victor wore, reflected the rays of the sun and augmented the belief that Hercules was a sun-hero.

In cognizance of the fact that our patron goddess was an admirer of Hercules and the quality of which the lion's skin was an emblem, Minerva High School has chosen the lion, the king of beasts, for her emblem in athletic contests.

Her hope is that his glowing coat may reflect upon her the rays of good fortune and imbue in her some of the strength of Hercules in her "labors." Her prayer is that her patroness, Minerva, may endow her with wisdom to accept that good fortune and employ that strength with discretion.

BASKETBALL

CO-TRI COUNTY LEAGUE CHAMPIONS

Although the basketball championship of the Tri-County League was not won outright, Minerva still received a half interest in it with a very powerful Columbiana outfit. The number of wins and losses do not always show the true merit of a team and although this year's team had a very nice record of 10 won and 6 lost, they turned in a truly remarkable year. Several of their defeats were heart breakers at the hands of strong clubs.

They played an aggressive type of offensive ball this year and through this have scored the second most number of points ever scored by any Tri-County teams in the history of the league, possessing two of the loop's leading scorers.

This campaign rounded a very commendable athletic year at Minerva High School, by winning both championships. They equalled a record held by themselves and no other outfit.

The personage who deserves an untold amount of gratitude for this team's fine showing is Coach James L. McBride. His spirit of enthusiasm helped the students as well as the team to appreciate basketball in its true value.

"Mac" adds this year's to his long string of successful teams which we hope will be endless.

THE SEASON'S SUMMARY

The opening game of the season showed the inexperience of our team as we were beaten 30-24 by Canton Township. We followed by mowing down Louisville with a score of 36-24. A strong Timken High School team of Canton smothered the Lions 22-17.

Once again the Lions regained their savageness and hung a 37-29 beating of Salineville. Carrollton followed in a more decisive manner being trounced 40-29.

Minerva put on a surprising exhibition to only be beaten 37-35 in the closing minutes by a strong North Canton aggregation. In the first Tri-County League tilt, the Lions, helped by the revival of "School Spirit," defeated a strong East Palestine outfit.

A classy Waynesburg quintet gave a sound 41-21 trouncing to the then very tame Lions. Sebring High School was pushed aside 29-18, as Minerva "chalked up" her second league triumph.

The crucial game of the Tri-County League season was the Minerva-Columbiana battle. The game was close all the way but the Lions went to a 29-26 overtime defeat.

A hard fighting Louisville quintet was subdued 35-31 for Minerva's third league victory. History then repeated as Timken Tech swamped the Lions 43-29 and again as the Lions annihilated Carrollton 56-34.

Lisbon put up a good defensive exhibit as Minerva "raked up" her fourth league victory 31-24. The Lions then took Boardman into camp to the tune of 45-36, and as they reached their top form of the year they smashed Canton Township 45-37, to close their regular season.

In the Class A tournament Minerva opened with a 38-32 triumph over Canton Township. Playing an exceedingly strong Massillon team, Minerva was edged 30-29 in a thriller. This was a most excellent way for the Lions to end their season.

SQUAD Left to Right

Top Row: Gerald Grimes, manager, Bill Tannehill, Charles Osborne, Harry Bolen, Charles Hunston, Nick Glunco, Leonard Provance, James Mazzafarro, assistant manager.

Middle Row: Bill Colter, Jack Jenkins, William Dieringer, Leroy Mnet, Fred Hartman, Arthur Elliott, Coach James L. McBride.

Bottom Row: Dale Keister, Bruce Leyda, Harry George, Joe S. Miller, Bob Mount, Fred Scarlot, Jack Tarbett.

JOSEPH SPONSELLER—Senior Forward

"Joe" was the leading scorer of the team as well as of the entire league. In so doing, he set a new individual point record of 216 points. He used his height advantage mostly on the backboards and equally well on the pivot position. This was his third year as a regular and in many respects his greatest. He was chosen unanimously as the captain and forward on the all Tri-County League team for the second straight year. His shoes will be hard to fill next year.

BOB MOUNT—Junior Forward

After a slow start "Bob" became one of the most prolific scorers of the Tri-County League. Bob is a very good set shot as well as a great asset around the backboards. He used his height to a great advantage and should become the outstanding player in the league next year. He was placed on the first team at guard of the all Tri-County League team this year.

HARRY GEORGE—Senior Guard

"Squirt," although handicapped greatly by his small stature, made up for this by his excessive speed. He was a great defensive player, yet he came through with several shots in the punch. He was honored by being given honorable mention on the Tri-County team for the second time. He will be greatly missed next year.

BRUCE LEYDA—Junior Guard

"Turk" was undoubtedly the best ball hawk of the squad this year. He wasn't a very high scorer but his defensive work made up for this little deficiency. He should come into his own next year.

DALE KEISTER—Senior Guard

Dale although a very good set shot was more generally known for defensive work. This was his first year on the varsity and he has made the best of it. He held in check many a star of the opposing teams. His team spirit will be missed greatly next year.

JACK TARBETT—Sophomore Forward

Jack was the utility man of the squad. When he was inserted into the line up, he showed his wares very nicely. His ability will be utilized to its utmost in the next two years.

FREDERICK SCARLOTT—Junior Center

"Fred" attained a much needed experience this year and although he was very valuable this year for his backboard work he should become a standout next year with the information he received this year. He also received honorable mention on the league mythical team.

All Hail!! The Lions!!!

The Lion whose very being commands respect and whose character announces strength and courage, has been perfectly selected to symbolize the courage, the strength and the devotion which the 1939-1940 athletic teams have put forth in attaining the highest goal possible, that of Champions!!

As for respect, the student body and the entire community are filled with gratitude and appreciation for such a fine standing as has been bestowed upon us.

They are indeed worthy of claiming this regal title, for like the Lion they have always been leaders in battle, courageous in face of danger, and triumphant over all!

Very few schools have ever achieved the honor of winning the Championship in both Football and Basketball, in the same year, and although we were obliged to share the Basketball title, we are still proud to be among the honored few.

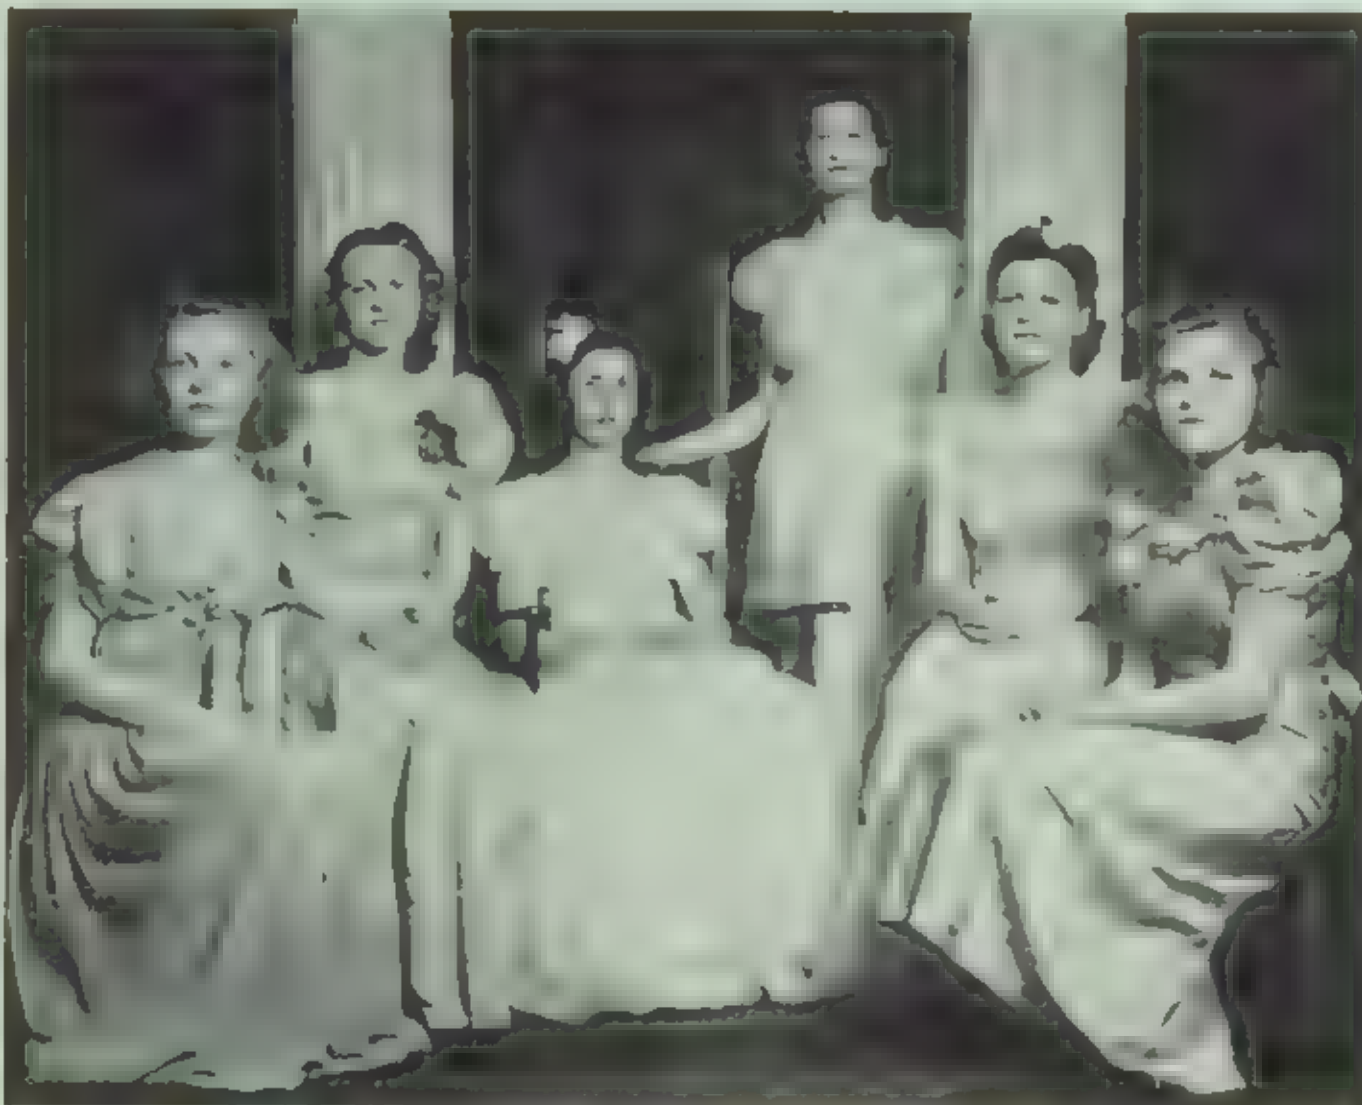

Much credit and praise is also due our two splendid coaches; to Mr. Emerson, for his gallant leadership during the football season; and to Mr. McBride, for his heroic efforts in the basketball season. Words cannot fully express our feelings towards them.

And so because of the successful athletic year and the characteristics which these teams have shown, we christen them—"The Lions" and to them we say "All Hail!!"

May Day

On May 14, the third annual spring frolic took place in the natural amphitheater on Minerva High School's north lawn. With the crowning of the May Queen, Maxine Garee, a senior girl chosen by popular vote of the girls of all four classes, the program was launched.

Typical southern melodies and Stephen Foster compositions formed the background for the negro dances, Virginia Reels and Quadrilles, which were executed in costume suited to the era of jolly folk lore in the South.

The queen reigned over the town as her court parade proceeded to each section and on to the athletic field where the field-meet took place. The usual races and contests ensued. The hilarious climax of the day was a greased-pig race, in which the holder of the pig won the contest for his class and was given the pig as a prize.

The queen's procession then left the field led by the band and returned to the high school where preparations were being made for the regal evening dance in honor of the queen and her court.

Spring and Youth

BAND

This year marked the beginning of a new and unpredictable era in the history of our band under a new and very progressive director, Mr. Kenneth E. Ruckman, who victoriously led the band through the greatest and most successful season in the marching history of our band.

Early in the school year the band added much materially to the proper spirit of the football games by attending all the home games, and all but three of those away from home. The band also played at almost all the basketball games, entertaining spectators between the playing periods.

Much joy has been given to the townspeople on account of the many public appearances of our band. This was made possible only by the faithful and untiring efforts put forth by the Band Boosters Club. The highlight of the club's achievements for the year was the sponsoring of the Collins Festival, the proceeds of which will go toward purchasing new uniforms and instruments for the band.

Band members who participated in the Stark County Solo and Ensemble Contest Festival were as follows: Clarinet Quartet—Richard Richardson, Betsy McMillan, Frieda Ray and Donna Jean Snook, winning a superior rating; Woodwind Quintet—Annada Dager, Marjorie George, Eleanor Lozier, Donna Jean Snook, and Ronald Rue, winning a rating of superior plus; Trumpet Trio—Kathleen Swank, Mary George, and William Walters, winning a superior plus rating. Soloists participating were William Walters, winning a superior rating, Mary T. McCulloch playing a trombone solo and winning a rating of superior, and Mildred Dager winning a superior rating with a xylophone solo.

On April 5, 1940 our band reached its climax in the rendition of a very successful spring Concert. The program was very artistically arranged by Mr. Kenneth E. Ruckman and effectively presented with the cooperation of each member.

SHIRT SLEEVES

On Friday, December 16, 1938 the Class of 1940 made its bow to the Thespian world in the presentation of "Shirt Sleeves," a three act comedy by Charles Quimby Burdette. A well-chosen cast carried this delightful story across the foot lights to a highly appreciative audience.

"Shirt Sleeves" is a true, domestic comedy. It is about the Rand family who lives in American society. The family consists of Franklin and Julia Rand and their four children; Donald, Diana, Theodore, and Esther, ranging in age from fifteen to twenty years. Having inherited a modest fortune, Franklin Rand and those dependent upon him have never realized what economy and teamwork mean to the average family. A bank failure precipitates disaster to the Rand publishing business, and almost over night the family is brought face to face with poverty. The first reaction is that of incredulity, followed by open rebellion on the part of Julia, Donald, and Diana. Theodore and Esther, as interesting and resourceful a pair of twins as ever graced a home, fight to the last ditch for the despairing father and are in no small measure responsible for the change of attitude exhibited eventually by the remainder of the family.

To add to their troubles, Donald, the social rebel, married Margie Scanlon, the daughter of a notorious law breaker.

Into the maelstrom of disorder and bickering comes Margie, fitted through a life of combat to add new blood to a weakened family organism. Against overwhelming odds she turns the tide against Richard Crandall, a suave, mean politician, who would take advantage of the Rand misfortunes to make a fool of Franklin but finally succeeds in planting the family fortune on firm ground at the close of the play.

THE GHOST FLIES SOUTH

One of the climatic features of the class of 1940 was the presentation of *The Ghost Flies South* on Friday night of April twenty-sixth. The members of the cast displayed their outstanding talent in offering this light comedy to an appreciative audience.

Anita and Diana Meredith, who had been reared to regard gambling as something of a major vice, decided to gamble on the stock market regardless, and with beginner's luck they won four hundred thousand dollars. In order to keep Morgan Winthrop, Anita's fiance, from discovering the situation, they invented an Uncle William who had died and willed his fortune to Anita. Because of Morgan and his mother's opposition to gambling of any sort, their discovery of Anita's venture would have placed the engagement in jeopardy. The little lies grew beyond the control of the girls. Most amusing was Grandma Bantrey, who had to be convinced that she had a son, William Morgan, growing suspicious, hired actors to appear as partner and wife of the invented "uncle" and blackmail Anita. Anita and Diana were aided in carrying out their plan by Tyler Rankin and Homer Reed, a lawyer. The latter's slightly shrewish wife augmented the excitement. At the end Anita succeeded in "turning the tables" on Morgan, and, at the same time, won his admiration and placated her irate "mother-in-law."

"THE MIKADO"

The Boys' and Girls' Glee Clubs of Minerva High School presented "The Mikado" on Thursday evening, February 29, in the Minerva High School auditorium, under the direction of Miss Jane Calvert. This Gilbert and Sullivan operetta has been abridged and simplified by W. Norman Grayson and published by C. C. Birchard and Co., Boston.

Japanese customs and the laws of the Mikado form the background for the story which deals with the romance of a handsome young singer, Nanki-Poo, and a sweet girl graduate, Yum-Yum. Interfering with the marriage, are the Lord High Executioner, Ko-Ko, who loves Yum-Yum, and an elderly dowager, Katisha, who insists upon marrying Nanki-Poo. Adding to the complications are the Mikado, emperor of Japan; Yum-Yum's two sisters, Pitti-Sing and Peep-Bo; and the noble lords, Pooh-Bah and Pish-Tush.

Of special interest were trio numbers sung by Katherine Wilson, Kathryn Stoffer and Ethel Bacon, and the humorous solo, "Til Willow" by William Wickersham.

SECOND FIDDLE

On Wednesday, December 6, 1939, a highly talented group of students presented the hilarious comedy "Second Fiddle."

The play was the story of pretty Joan, who playfully acted as a bride in a rehearsal of a wedding. She was supposedly married to Harold Werph. Trouble upon trouble follows. Joan throws pitcher of orange juice at the luckless bridegroom. The bride's mother arrives and the two must bill and coo for her. Joan's Harold's wealthy fiancé hears of his adventure and breaks their engagement.

When Harold in despair asks for poison and thinks his request has been granted he becomes ill. Joan is frightened at the thought of his death and confesses her love to him. When they find out that they are not really married, they secretly elope to their real honeymoon.

Rural Minerva

It is interesting to note that forty-nine percent of the boys and girls in Minerva High School come from suburban territory. The Communities and the numbers that attend from each are as follows:

West
 East Rochester S
 Rochester Sp
 Wadsworth
 Osnaburg Township

There are two hundred fifty-three pupils attending the high school from the Minerva territory proper. This makes a total of four hundred ninety-five students.

Judging by the increase in the past two years, the enrollment of Minerva High School should exceed five hundred in September of 1910.

CALENDAR

SEPTEMBER

- 1 School opens! Lots of new faces, freshmen and confusion
- 2 These schedules! When can I take—? The counsellors are rushed!
- 3 More schedules changed! What's happened to our school building? Where's room 1? We don't know, do you?
- 4 Now we're beginning to get some where. Of course there's still the problem of locker keys, etc
- 5 First assembly! Band plays, Mr. Ruckman, band instructor, introduced, Coach Emerson talks of possibilities for tonight's game with Alliance, Cheerleaders tryouts
- 15 Study hall floor is being sanded today. Such noise!
- 6 Rebecca Zaugg tells Miss James she was late because she couldn't get through the door. Looks like more work for the carpenters!
- 7 Mr. Stevens wonders why Ruth Hockenberger jumps around so. Could it be the fly? Kate put down her back? Shame!
- 8 Certain eccentric Senior boys seem to have outgrown themselves. Look around with their pant legs rolled up
- 9 An epidemic of color blindness! The Junior and Senior girls can't match their socks. The freshmen are disgusted! Minerva plays Lisbon tomorrow. Good luck!
- 10 Minerva 39-Lisbon 0, Saturday. Friendship and Girl Reserve clubs hold initiation of new members
- 16 A Junior boy trying to out do the Senior fads came to school with the price tag on his trousers. Crescent Staff selected
- 17 Maxine Garoe's feet hurt so—Ruth and Maxine trade shoes. It helped Maxine but poor Ruth!
- 18 Everybody smile! Group pictures today. National Honor Society and H. Y. hold first meetings
- 19 The assembly is thrilled by "Ritz Trumpeteers," sponsored by Friendship Club. First edition of this year's Diary
- 20 Minerva vs. Columbiana. Game ended in a 7-7 tie. Where was the cheering section?

The class of 1940 most sincerely appreciates the generous support of the public-spirited business and professional men, who have, through their aid and co-operation, made possible the 1940 Crescent.

OCTOBER

- 2 Group pictures taken today for annual. According to Mr. Switzer, Mac Garee is the "dumbest smart guy." Basketball practice has started.
- 4 What's found on Manhattan Island? Ask Bruce Leyda.
In typing class Elwood Plott prefers to keep his eyes on the teacher rather than on his work. Hi-Y holds formal initiation service.
Some of the Senior boys not being fully awake come to school with pajama tops on. Teachers decide they should go home and finish dressing. Rev. Phillips speaks in assembly. Special numbers by boys octette.
- 7 High School Day at Ohio State. Three bus loads of students enjoyed the trip to Columbus. Fred Scarlott must like girls by the name of Ruth. M. H. S. handed Sebring a 197 defeat. Keep up the good work boys.
In marching practice don't be afraid to raise your feet. Teletha, we've seen ankles before.
- 10 Individual pictures for Annual taken. Look sweet everybody. Mr. McBride tells the boys in history class that they should fall in love so that the girl can help them study their history. Who will be the first victim?
- 11 "Julius Caesar" is a very exciting drama. Many schools represented in the audience.
Fire drill. Assembly. Speaker on "Fire Prevention Week."
It is the general opinion that the love bug has been working over time. By this we mean the case of Hill and Frieda. Big bonfire and snake dance. Everybody ready for Carrollton game.
- 14 Minerva chalks up another victory by defeating Carrollton 40-14. Band plays a concert on the square this evening.
- 16 Senior class holds election of officers, finally. The president is none other than Jack Haldeman. Junior play try-outs.
Take advantage of Mr. Switzer on cold and rainy days as his rheumatism gets him down. Junior play cast selected.
Mr. McBride displayed a wooden nickle with which he intends to send his son to college. What son?
Old age is creeping up on Mr. McBride. His own teeth are no more. In their place we find false ones.
- 20 Hi-Y assembly a very beautiful and interesting ceremony. Rev. Taylor was the speaker. Big bonfire and pep rally for East Palestine game.
- 21 Minerva is victorious again. Minerva 12-East Palestine 0. This evening the square will be the scene of another band concert.
- 23 Roy Newshutz seems to be all smiles lately. Could it be that new Junior girl?
- 24 Everybody's reading it! What? The second edition of The Diary. The first of the series of "The Collins Festival" tonight—"The Marching Men of Song."
- 25 The first fatal day of school has come. Report cards given out.
Minerva vs. North Canton 0. Nice work boys. Autumn Dance sponsored by the Senior Class. A big success! Bashful boys finally come to life.
No school. Teachers' Institute in Cleveland.
Football team goes to Columbus to see Ohio State play Cornell.
Some glad and some sad faces as proofs of pictures are given out. The Junior Hi-Y and Girl Reserve Club will hold a joint Halloween party tonight.
- 31 The party last night must have been too much for Bill Wickersham as he didn't show up at school this morning. "Horenson" second night of the "Collins Festival" very interesting and educational.

NOVEMBER

- 1 In marching practice Mr. Ruckman asked Fred Scarlott where he was supposed to go. Fred replied, "I follow Hockenberger." That must be a habit!
- 2 One of our faculty members was quieted down by one of the waitresses of Lyon's Dairy Store for being too noisy. His initials are L. J. M. Tsk! Tsk!
- 3 Minerva comes out on top again by downing Waynesburg 32-6. This evening the band and football team will journey to Massillon to see the Massillon-Lehman football game. Watch that Massillon band step!
- 6 Action pictures taken for the annual today. Vote for the three mill levy—band leads the parade followed by all the students this afternoon.
- 7 Finally the work of putting the new seats in our new study hall is finished. So we move in. "Dierosta Ferrari" will present the third in the series of the "Collins Festival" this evening.
Mr. Smith has introduced a new game—"Find your home room."
One way traffic works so well in upper corridor that now it is enforced in all corridors. Fire drill—record time today. All-boys pep meeting produces lots of noise—cheering all boys band.

MY DREAM GIRL

by Robert Dixon

Here I sit listening to the Preacher,
And dreaming of a lovely girl, too.
I wonder who it could be?
Well, think of that, it's you

When my work is done
And there's nothing else to do,
My mind starts to wandering,
And I find myself dreaming of you.

While I'm sitting at my home,
And doing my geometry, too;
I stop to dream,
And it's you I want to woo.

When the sun is low
And the sky is bluest,
Tis then I stop and dream,
And find it's you that I love truest

At the close of the twilight,
Or the cooling of a dove,
Tis then I stop and dream,
And hunger for your love.

Donna Chance, passing the drug
store: "Wait, Gus, I want to get some
lipstick."

Gus Toles: "Lipstick? Wait; let me
get it for you. I'll get the kind I like."

After Bill took Frieda home they
were standing by the door conversing.
Bill said to Frieda, "Now, Frieda,
don't tell anyone I brought you home
tonight."

Frieda said, "Oh, no, I won't, I'm
just as much ashamed of it as you
are."

Miss Patterson: "Give us a sentence
using 'dog ma'."

Mac Gar: "Our old dog ma has
seven pups."

AN INDIVIDUAL

Once upon a time there was a school
teacher, Miss Spencer, after describ-
ing Heaven in alluring and golden
terms, asked her class of small boys
how many wanted to go to Heaven.
With eyes that sparkled at the
thought, every pupil in the class held
up his hand but one. Miss Spencer
said, "Why, Paul Locke, you don't
want to go to Heaven? Why Not?"
"Miss Spencer" Paul said, "sure I
want to go to Heaven, but," he said
"not with this bunch."

Why is a begger like Elwood Plott's
mustache?

tache is soft down

- 11 When does Ruth Knowles get time to sleep? Popularity must be better than sleep!

- 12 Who is the blonde Sophomore girl that is interested in a certain Senior boy whose initials are F. C.?
- Is Wanda Kelby's hobby collecting boy's pictures?
- 11 Seniors select name, date, and dance band for the "Annual Holiday Dance."
- 1 Sophomores show what they can do by putting on a very fine assembly program. M. H. S. wins from Salineville by a score of 37 to 29
- 6 Minerva put the "Bee" on Carrollton 10-5 was the score
- 8 Lyndon v. Robert and Merrick can't take Sunday night birthday parties. Could it have been the cider they had?
- 6 One of the most elaborate occasions of this semester will be held tonight. The Friendship Club will be the guests of the H. Y. members at a dance
- 20 Katherine McEndarffer was trying to decorate the floor of the new study hall by spilling a bottle of ink. Naughty! Naughty!
- 21 The G. A. A. girls are having a Christmas party tonight. That's the spirit. Was Santa Claus there?
- 22 The Glee Clubs present one of the most beautiful assemblies of the year. Many visitors present. School out for Christmas vacation. Everybody happy! See you next year

JANUARY

- 4 It seems the Sophomore Class President has fallen for a certain blonde Freshman
- 5 The most entertaining and amusing assembly of the school year was presented by Mr. Switzer's Speech Class. Music was furnished by Mr. Ruckman's German Band. M H S. was defeated by North Canton 37-35 in a very fast basketball game.

Bill Tannehill wants to move to North Canton because of the pretty cheerleader. Don't the Minerva girls suit you, Bill?
- 6 McHride reveals to the history classes that there is no enthusiasm in this high school! What are we going to do about it?
- 10 Mr. Stevens in discussing the food and drink of "Medieval Times" asked Marion Merrick what was wrong with a dinner of bread, meat, and beer. Merrick replied, "The pretzels are missing"
- 11 S. O. S. call for school spirit. Answered by the Boosters Club, newly organized club for Juniors and Seniors
- 1 Miss Beulah Robart presents to M H S. a new high school song, her own composition

M H S. wins first league battle from East Palestine 37-27
- 15 Senior night at the basketball game but Minerva bows in defeat to Waynesburg. The Seniors really go in for new fads in a big way. The boys wear pajama tops and the girls wear short dresses and large hair ribbons. What is this generation coming to???????
- 16 Reviews for examinations. Why is everybody cramming? Flash! Last minute bulletin. Mary Hines kidnapped Watch for 1938 Ford, license number S654E. For further details see Dana Hart
- 17 MID-YEAR EXAMINATIONS HBY Club presents Dr. Gelbert in their annual civic program of the school year. Having been a physician to Hitler for three years, he gave a very interesting talk on Nazism and the German people. We should be thankful we live in the United States
- 8 More Exams. How do you like the weather? 13 below zero
- 19 Still more exams. Minerva wins her second league game from Sebring. Keep up the good work boys. Crescent staff has a victory dance after the game. The future looks bright for dances such as this
- The Sophomore Class is the first to have a class party this year. A fine time was enjoyed by all
- Crescent Campaign starts. The race is on among the home rooms. They all want to win that theater party!
- 20 What is the cause of this dreary mood in which we find Fred Hartman? May be it's that blonde Freshman from Ravenna. Could he? Booster's Club of officers elected. Roy Newshutz is president
- 21 The operetta is chosen. It's going to be a Japanese comic called "The Mikado." Report card again! Some of the teachers decided to add a little color to the cards. Was yours decorated???
- In Economics class, in discussing the U. S. compared to the other nations of the world Mr. Stevens said, "We at the present time (looking at his watch) are in a bad spot." The two sections of the Senior homeroom are really battling it out in the Crescent Contest
- Mr. Haas makes a wild search through his desk drawers for the door knob. Do you suppose some Freshman hid it???
- Beginning of Courtesy Week. A new recreation has been discovered by Miss Rector for after school hours in the winter time. Wading!
- Miss Beckman has recovered from her illness and is back with us again. "Courtesy in the Home" was the subject of our assembly speaker, President Roosevelt's Birthday. It seems as though one of the girls on the Filaret basketball team really fell for Harry George. For further information ask anyone who saw the girls basketball game at the President's Ball
- This took place at operetta practice. Bill Morrison speaking to Katherine Wilson, "Yum, yum at last we are alone." You had better watch out, Bill. Sam Blevins won't like that very well. "Nit and Nitwit," new title for Robert and Merrick. Christened by Mr. Swift

FEBRUARY

- The 1940 Crescent Contest has come to an end. The Juniors of Mr. Miller's homeroom are the winner, so they will receive, as their reward, a theater party. This year Crescent sales have broken all previous records. Are the Seniors proud? Who wouldn't be! 382 Crescents is really a record.
- So Mr. Smith decided to quit "playing hooky" and come back to school. Anyway we're glad he is back. The Superintendent of Stark County Schools made the address at assembly. He put the finishing touches to our Courtesy Week. Minerva "knocked the socks off" of Louisville in a very exciting basketball game.
- History repeats itself. Timken defeats Minerva for the second time. Did you know that we have an orator in our school? Frieda Ray was awarded first place in the Stark County Oratorical Contest.
- At last Dick Robart has found out where Alberta Filliez lives. Maybe sometime he will go visiting. How about it Dick? Maybe the band will come back to normal again since Mr. Buckman has returned to school.
- It seems as though the teachers are taking their turns in being on the sick list. Miss Hazen has decided it's her turn this week. Mr. McBride will have to be good now since his wife is keeping her eye on him. How do you like to have your wife teaching school, "Mac"? New buzzer installed in the Study Hall. The School Board Members and their wives, and the Faculty and their wives are holding a big party over at the Grade School tonight.
- Why are all the teachers so sleepy tomorrow morning? They must have stayed too late at that party last night. Minerva girls make a better showing in basketball against Waynesburg than the boys did. MHS girls scored 35 points to Waynesburg girls 33. More pupils absent this afternoon than any other time in the history of the school. Where is everybody?
- The Juniors certainly have a good broadcasting station. The assembly witnessed the first broadcast in which they presented musical numbers, news, sports, and an oration. MHS chalks up another victory by defeating Carrollton 56-34.
- Minerva Lions hold their position for first place honors in the Tri-County League by defeating Lisbon 31-24.
- Abraham Lincoln's Birthday. Leonard Provance is taking good care of Franklin Coy's girl friend while Franklin is in Chicago. Will Franklin appreciate this kindness? Hi Y Club will travel to North Canton for a joint meeting of County Hi Y Clubs.
- Girls, have you seen the new boy in school? He happens to be Ruth Stevens' brother. Bill Roby can't get attention any other way so he upsets a chair in homeroom. Don't forget your school spirit! Buy a copy of "The Diary" which comes out today.
- Valentine's Day. Even the snow won't keep Cupid away. What attracts Scarlett to the Senior homeroom? It's not only French is it, Fred?
- Lost: Mr. Stevens' brief case. Found: Behind the door. Who is guilty? The Minerva Lions came through victorious in their last league game at Boardman. This means that MHS will share the first place honors of the Tri-County League with Columbiana.
- Mr. Smith reviewed the lives of Washington and Lincoln in Assembly. The speaker of the afternoon was from Czechoslovakia. He gave a very interesting talk on life of that country.
- Have you heard the latest? Jean Mowls is going in for hurdling. She was seen jumping over several seats in the Senior homeroom after school. This was just for a mild practice. She'll be a champion some day.
- Jane Keister and Junior Richards are just another one of those inseparable couples. Bob Mount has been going around in a daze for several weeks. Could it be he's lonesome for Vonnice?
- Seniors choose caps and gowns. The girls will wear white with a maroon tassel on the cap and the boys will wear ~~white~~ with a white tassel. The boys of MHS really proved to Canton Township that they are a good ball club. They "went to town" the second half and trimmed Canton Twp by a score of 45-37.
- No school. Thanks to George!
- MHS musicians receive superior plus and superior ratings in the Stark County Literary Contest held at Canton Township. The Freshmen are all excited! Tonight is their first class party. The theme of the party will be built around George Washington's birthday.
- The girls basketball team falls before Mulvern in defeat. Dress rehearsal for the operetta tonight. Bad rehearsal means a good operetta.
- No school. The teachers go visiting to see how other schools operate.
- Mr. McBride got some pointers on girls' swimming classes while visiting at McKinley High School, yesterday. He hopes to use them when Minerva High School installs a swimming pool.
- The Glee Clubs present the "Mikado" under the able direction of Miss Calvert. The Minerva Lions will play Canton Township tonight in the tournament at Akron. Good luck, boys.

MARCH

- Minerva defeated Canton Township last night in the tournament 38-32. Sponseller broke the tournament record by garnering 24 points. Assembly on Americanism.
- 1 The Minerva Lions won a moral victory from Massillon Tigers in the Class A Tournament at Akron Saturday night. Tigers 39, Lions 34, and thus ends this year's basketball season and also the brilliant high school careers of three Senior boys.
 - 2 Victor Hanna keeps Kay Swank company every night after school until her taxi comes. Everyone thinks "Victor" should put that red necktie in his trophy case. He claims he wants to use it next year.
 - 3 Report cards out! Teachers smile. Pupils sigh. How does it happen that a certain taxi goes past the school every day when Kate is in History Class? McBride thinks that the bottom of the windows should be painted black.
 - 4 Coal Reserve and Friendship Clubs sponsor a skating party at Guthrie rink.
 - 5 The band got new music for their spring concert. Oberlin Debaters in Assembly today. Did some one say that they wanted lessons on proposing? Inquire of Ruth Knowles!
 - 6 Merle Shaffer sits on the edge of his chair in Chemistry. Over goes the chair and down comes Merle. Poor boy! Better have the chair fastened to the floor so it won't happen again.
 - 7 The love bug will bite you if you don't watch out! That's what must have happened to Bob Hole. He is seen quite often with Helen Rutledge.
 - 8 The Speech Class has a change in teachers but only for a week. Miss Ruth Kutsch substitutes for Mr. Sponseller.
 - 9 The basketball team is treated to banquet and why shouldn't they be treated for performing in such fine style this season.
 - 10 The Junior Class sponsors the Shamrock Dance. The gymnasium was very beautifully decorated in green and white. Tomorrow several Minerva musicians will play instrumental numbers in the state literary contest at Mount Union College.
 - 11 Have you heard the latest? Arthur Elliott has a girl! It is none other than Shirley Boehm. Just a pair of Juniors.
 - 12 Mr. McBride believes in fresh air so he opens the windows every time he gives a test. Unfortunately this happens every day.
 - 13 Charles Hunston is very much interested in a certain Freshman who lives in Pekin. In case you haven't heard, her name is Donna Jean Elliott.
 - 14 Who is guilty of pulling a chair out from under Lela Mel? Naughty, naughty.
 - 15 Good Friday. No school today. "See that all the paper is picked up off the floor," is the chant of the study hall teacher.
 - 16 Rumburg is seen quite frequently with Annada Dager. My, how the romances are budding.
 - 17 What attracts Betty Widener and Ethel Peterson to Louisville? We have a good reason.
 - 18 Mr. McBride gives his history classes first hand information on the trip to Washington. "Are you going?"
 - 19 The Sportsmen's Club celebrates leap year by holding a "Leap Year Dance." Girls, now is your chance to pick the one you want.

"CRESCENT CAMPAIGN"

by Bill Morrison

Friends, I come to bury Group A not to praise them. The evil men do live after them, the Good is often interred with their bones. So let it be with Group A. The honorable Miss Patterson hath told us group A is ambitious if this be true it is a grievous fault and grievously will group A answer it.

SCHOOL FOREVER

The time has come, Hooray! Hooray!
The time to put our book's away
Our home work done
Our honors won
Our struggle o'er.
Freedom from school forever more!
But that's where you're wrong.
Major Bowes would give you the gong.
For a bigger school is yet to come
From which you'll come a man or a
 bun
It's hard my lad, this school of life:
It's harder still without a wife;
But if you take each problem in its
 stride
And let your God be your guide
You'll win, my lad
And find that life is not half bad

While discussing table manners in a restaurant for Courtesy in Public Elwood Platt said, "Instead of saying 'Shoot the sherbet to me' I should say 'pass me the sherbet, Herbert'."

Bill Gill: "What time do you want for cream on right?"
Fred Shaw: "A little bit."
Bill Gill: "Well, what time will you be back?"

One day two boys, but two,
Everything they say and everything
 they do

Bob Crouse: "What did you have in History?"

Bill Colter: "Oh, he gave one of those moral (oral) tests."

One little toe said to the other
Don't look now but I think we are
 being followed by a couple of heels."

It wasn't the blues that killed poor Bill
It wasn't the lack of breath,
It was a fly that crawled up his nose
And tickled poor Bill to death

Bob Dillon: "How did you keep your head above water and reach shore if your body was paralyzed with cramps?"

Fred Hartman: "My head swam."

APRIL

- 1 April Fools Day! Today ends the contest for paying class dues in the Senior home room
- 2 Has Merrick got a girl? That is a general question. We wonder! Intra-mural basketball games create enthusiasm
- 3 Miss Patterson is displaying a diamond ring but nobody seems to know when the wedding is to take place. Maybe she believes in a long engagement.
- 4 Ruth Hockenberger fell for Richard Atherton. Now don't get me wrong. He tripped her.

The annual spring concert of the band consisted of marches, overtures, and swing numbers. Our band is something to brag about
- 5 Bill Morrison states that he would rather sing than eat. Could Miss Culvert have anything to do with this statement?
- 6 "What can I do to make Minerva High School better?" Bill Gill: "Graduate Home Ec. girls have a luncheon. The speaker is Mrs. Stewart McHenry"
- 10 An observer in Chemistry class picks up a lab manual and says "Lester Emerson. Who's that?"
- 11 The boys' Glee Club sings "Now the Day is Over," at 9:00 in the morning. We wonder if they feel all right! The Home Economics Class will send several delegates to the State Convention at Columbus this week end
- 12 The elementary grades hold open house. Some of the girls go to Cleveland to hear Grand Opera. Test and more tests. Today ends this six weeks period
- 15 Mr. Johnson says he expects to see the boys of his Industrial Arts Class working on W. P. A. in about five years. Evidently they don't work hard enough to suit him
- 16 What has Mr. Miller been searching for? Oh, just one of his pet lizards which escaped from its cage in Biology room. Have you located it yet, I. J. M.?
- 17 Those report cards are out again. Only one more six weeks period and this school term will be at an end
- 18 Spring is in the air, and spring fever is popular. Seats in the study hall should be replaced by couches
- 19 There is a certain group of Juniors who never seem to have their lessons. Perhaps they have too many club meetings

Dictator for a day, Charles Peters turned dictator while giving a speech in Sportsmen's Club meeting. While speaking he had his picture taken by a camera fan.
- 20 "What would orphans do in France if they wanted to marry, since their parents have to choose their life mate?" Anyone having this information please tell Jack Haldeman
- 21 Is Owen Hemphill preparing for a serenade, since he's been heard singing lately? If so, who's the girl???? Miss Hazen was so excited when "The Diary" came off the press that she sold her own copy
- 22 The Physics class, in studying a Samson battery, couldn't get it to register. "He must be asleep," said Sponseller. "From the looks of things he must be dead," put in Dixon
- 23 The Seniors again make the headlines! This time by presenting the Senior Play, "The Ghost Flies South," which crowns the successes of the class of '40. A large crowd and a good performance
- 24 S.O.S. Mr. Switzer needs protection! He was seen carrying two ball bats through the corridors. Who is he afraid of?
- 25 What member of the faculty turns red in the face from trying to say "negligible?" You might find him in the Physics department

A toast to the favorite champions!
To the "Lions" a hearty good cheer!
We drink to the health and well being
Of the greatest team of the years!

To mention their victories is useless
However some praises are due
And so in a moderate manner
I'll try to review them for you

Of course, at the top there's Sponseller
Whose during feats brought us great
pride
He established a championship record
(And courted his girl "on the side")!

The next on my list is Fred Scarlotti
Whose basketball work was superb!
He took all our "kidding" about his tall
frame
And never uttered a word!

Bob Mount was a forward this season
And one of the best on the job
For all you've contributed to us,
Our heartiest thanks to you, Bob!

Dale Keister's the next of our teammates
Dependable right from the start,
But he couldn't quite keep his mind focused
You see, he had troubles (nt heart)!

Harry George, has a marvelous record
His playing was always the same,
That of the highest caliber
For HE kept HIS mind on the game!

Now Colter, could really play ball
In front of a crowd that he knew
But the strange majorettes made him ner-
vous
And the cheerleaders bothered him, too!

Levda could always be counted on
To give of his best to the game!
He deserves our thanks and best wishes
For his help in attaining our fame!

Tarbet the next of the "Lions"
Is also deserving of praise
For he helped us in reaching our goal
In a countless number of ways!

Grunea's the next of our "royal" lads!
And a prince of a fellow is he
And the fine basketball, which he played
for our cause
Will go down in our history!

Minor, the last, but far from the least
Has also won highest esteem!
For the new subject he's a whiz! I say
He merits the prize of the year

And now, to the "Lions" trainer!
We lay all joking aside
And humbly express our deep gratitude
To the Coach of all Coaches, McBRIDE!

Only a word now in closing
For I've said quite enough, it would seem!
But I still have just one little message
Which I'd like to convey to the team

Team, always remember your motto!
As soon as "Mac's" blood pressure
mounts
Remember, it's not the SIZE of the dog,
But the FIGHT in the dog that counts!

MAY

1. Why is it that some of the Minerva girls like the boys from Malvern so well?? Ask Norene Heath!
2. Both Haas and Miller claim that their off-springs have red hair. What's so wonderful about red hair??
3. Tomorrow the band and Glee Clubs will spend the day in Canton at the musical festival. Also the District State scholarship contest will be held at Kent
4. Have some of the senior girls started a new fad of wearing diamond rings or is it just the result of leap year?? The Senior President, being an eavesdropper, was set in the waste paper basket and pulled around the senior home room
5. If Elwood Plott keeps up his steady run he will soon beat Clark Gable's former record. Have you found any one girl, yet, whom you think will suit you, Elwood?
6. Could it be that Bob Dillon is girl shy? Maybe some of the girls will help you out since this is leap year, Bob. How about it girls?
7. It seems as though one of the members of the junior class is headed toward matrimony. She has taken the first step by securing a diamond ring
8. Junior-Senior Prom—the highlight of the year. Beautifully gowned girls and neatly dressed boys plus decorations, entertainment, and food equals a perfect evening. Thank you, juniors. We had a wonderful time and we, the class of '40, hope that next year you will have as fine a prom given to you.
9. "Chuck" Osborne is always winking at the girls. You better be careful, "Chuck," or some of the boys will get jealous
10. May Day—a very beautiful ceremony in which Maxine Garee was crowned queen by Vera Bonardi, the Maid of Honor. Other attendants were June Vink, Frieda Ray, Shirley Boehm and Kathryn Stoffer. The queen and her court reigned at the field day event held at the athletic field and also the G.A.A. dance held in the evening.
11. "I wish I had a sweetheart," says Robert Dixon, "they are such lovable creatures." This is leap year, Bob, so be careful
12. One would think that by now the freshmen would know their way around but Robert Logan appeared in French II class, today, when he should have been somewhere else
13. Seniors take full charge of their last assembly. Here it is May and teachers are still keeping detention hall for those who break the rules. This is a fine way to spend after school hours on such beautiful days
14. Bill and Jane, and Donna and Gus are just those inseparable four. Paul Peterson prefers reading "Superman" to "American History." Maybe he'll be a superman some day.
15. Sponseller is an all around athlete. It's good he is because that's the type Maxine likes. You got to be a football hero to get along with a beautiful girl!
16. The freshmen also have "puppy love affairs." Arla Sanor and Faye Brandt carry each other's pictures around.
17. Last day for the seniors. This school will certainly be lost without those pleasing seniors. How will it ever get along without them??
18. Do you think the seniors can make it?? 6 A. M. is rather early for some but a senior breakfast only comes once in a lifetime. Gee—are we sleepy?? Final exams
19. Baccalaureate services this evening. Seniors are attired in caps and gowns for the first time
20. Tomorrow school holds commencement exercises. Exams. We realize we didn't study hard enough during this semester. Too late now
21. The teachers put their "hard hearts" on display—the students their ignorance—exams.
22. Today is graduation. In caps and gowns of maroon and white the class of '40 closes the last chapter in its high school history. We read on its pages of many happy occasions which will never be forgotten. And now we say good-bye to dear old M.H.S., but the memories which it holds will linger on
23. Final report cards today

JUNE

1. We find ourselves wandering back to M.H.S. already. The occasion is the alumni banquet where once again we shall meet our former classmates

A Desperate Plea

The atmosphere was charged with "fire,"
The listeners were tense,
The drones were waiting eagerly
For "Logan" to commence!

They watched him rising to his feet!
They watched him take his stand!
They waited there with bated breath
To hear his strict command!

He slowly wiped his dripping brow
And pressed his throbbing head
With trembling hands he fixed his tie
And this is what he said:

Quote:
My Friends, we have before us now
A grave and serious task!
A crisis lies beyond this question
I'm about to ask!

"I've waited many days and weeks,
For some enlightening news;
I've longed to hear some student say,
'I've come to pay my dues'

"But no!! I've strained my ears in vain
My spirits long have fled.
My days and nights are filled with figures
Running through my head'

"I cannot eat; I cannot sleep
My head keeps spinning round'
My hands are weak and trembly,
My feet freeze to the ground!!

"I never meant to ask you this
I thought I could be strong.
But now my strength is failing,
I've stood it just so long'

"And so I throw away my pride
I beg on bended knee,
I pleadingly beseech of you
To pay your dues to me!'

At this last, longing, lingering plea
The drones were keenly smote,
I'm sure they'll pay their dues now
To save their friend!! Unquote'

Foo Club

THE EXECUTIVE COMMITTEE

Head Foo	Joe Sponsello
No. 2 Head Foo	Robert Dixon
Secretarial Foo	Elwood Platt
Banking Foo	Harry George
Guard Foo	Roy Newshutz
Reporting Foo	Ray Ramsey

The Foo Club has the distinction of being the youngest society in the Minerva High School. This club was founded in 1884 in China by a Chinese, Tim Foo, to prevent cruelty to beautiful women. This today is the primary purpose of the organization but various coinciding activities have been added.

The society is open only to Senior boys, thus insuring a very high I. Q. for scholastic recognition. Underclassmen are given the sacred ritual. Society secrets and a very unique informal initiation in order to prepare them to be better Foes. No outside persons are able to get the secrets of this sacred society because they die with those who know them.

Those underclassmen who are being groomed for the high positions of the Foo Club are: Robert Dillon, Harry Bolen, Frederick Scarlott, William Tannehill, W. L. Dieringer, Mac Garee, and John Burchfield.
